Self-produced solo artist Michael Heart brings considerable skills to bear on these recordings, which show a crafty writer whose earnest, direct voice delivers his heart-on-sleeve relationship messages. The polish displayed in his work suggests Heart could become very busy as a songsmith for hire, crafting tunes for other artists and especially film/TV chick-flick situations. He might even consider veering into the Nashville market as his recordings have a closet country feel. Hey, he's got the heart; maybe all he needs is a hat.
